DETAILED ACTION

Drawings

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the reference signs mentioned in the description paragraph [0087] related to Fig. 5. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-7, 16-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Faroudja (US 5,305,120).

Claim 1:

Faroudja discloses:

“obtaining a first difference set between pixel information of the first frame and pixel information of the second frame, wherein the first frame and the second frame are adjacent to each other”, see col. 9 lines 30-50, Fig. 5 item 507;

“examining a first criterion with the first difference set” see col. 9 lines 30-36, Fig. 5 item 515;

“and performing cross color suppressing operation on pixel information of the second frame according to a set of stationary image judgment information comprising the result of the first criterion examination”, see col. 3 lines 32-51.

Claim 2 is disclosed, see col. 10 lines 1-15, col. 9 lines 30-50.

Claims 3-5 are disclosed, because the first frame comprises first even field and first odd field and the second frame also comprises second even field and second odd field (see col. 7 lines 36-41).

Claim 6 is disclosed, see col. 9 lines 30-49.

Claim 7 is disclosed, see col. 9 lines 33-40.

Claims 16-20 are disclosed, see col. 1 lines 59-68, col. 2 line 44 to col. 3 line 35, Fig. 6 items 607, 611.

Allowable Subject Matter

4. Claims 8-15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
